			Tami Friedrich	I am writing to express my strong opposition to the appointment of Fire Chief Marrone as the permanent Fire Chief. It is more beneficial for the citizens of LA County to have a process that is more inclusive and equitable giving other candidates an opportunity. Your citizens deserve it. Fire Chief Marrone has only a high school education, all other chief's at this level are required to have a bachelors and or masters degree, both the deputy fire chiefs at LA County have masters degrees, why haven't they been allowed to apply? The other department heads being appointed at this meeting all have education requirements, why is the fire chief an exception? This is negligent and irresponsible of the BOS. Fire Chief sets the tone for the fire dept-if La County Fire motto is "representing the communities you serve" why not allow for other diverse candidates to apply Racism is alive and well with a white fire captain saying the "n" word at the fire station in front of the crew just last week!! There was a swastika etched into a kitchen table at one of LA County Fire Stations. here are less than 2% women Firefighters, significantly behind the national average. 30% of LACounty Fire Stations DO NOT have women's restroom and shower facilities. You're citizens deserve better. Thank you.
